One of Clevelands longest running radio shows, Dare Waves features a unique mix of new releases and old favourites, soundtracks and compilations, CDs LPs 45s and cassettes, and your requests (via the web or by phone). The emphasis of the show is electronic and guitar-based music, but Neal is known to meander to remote corners of the music library. An emphasis is placed on local music and bands coming to town for concerts (tied in to ticket giveaways, which happen almost every week). In-studio guests (local bands and DJs) are also occurring more frequently. So join Neal and listen to the Waves that other don't Dare
